Jeepers Peepers

It's always fun to watch!

Back in the day, peeping—known clinically as “voyeurism”—was considered a perversion. But then again, anal sex, oral sex, masturbation and lesbianism (to name just a few) were also considered perverse activities during less-enlightened periods. These days sexologists, psychologists, and clinicians of all sorts agree: voyeurism—getting off by secretly or openly watching sexual acts—can be an enriching, healthy part of most anyone’s sex life. And researchers agree on another point too: many modern Americans, probably even a majority, have had some form of voyeuristic experience. If voyeurism were a perversion (which it most definitely is not), most of us belong to the club!

Kristy is an attractive young children’s-book illustrator. She lives with her husband in a suburb of New York City. “My first and possibly most important sexual experience was a voyeuristic one,” she says. “It happened when I was still a virgin and away at summer camp. I remember our counselor Annie, a really pretty 18-year-old who was quite popular with the male staff, had dropped us off at the arts and crafts cabin and disappeared on her ‘break.’ But I had just gotten my period and wasn’t feeling so hot, so after about half an hour I decided to go back to our bunk and read.

“I guess they didn’t hear me on the bunk’s front porch because I was wearing sneakers, but I sure heard them...Annie and Larry. Larry was the swimming instructor; a blond, muscular hunk. The front door was partly open, and I could see what they were doing right there on a bunk—next to it actually. That’s because she was bending over holding onto the bar at the foot of the bed and Larry was standing behind her holding tight and shoving his stiff pole in and out of her.

I could see every single probe of his big, wet cock. I could see the effect it was having on Annie too. I had only heard about orgasms up until then, but from all her moaning and from the way her body was trembling,

I knew Larry’s hard fucking was giving her one.

“After a while Larry lay down on his back on my bunk. I could see that his dick was still long and hard. Annie climbed on top of him facing his feet, sat on his prong and started massaging her cunt at the same time. When she was close to coming she fell backwards on top of him, and had her second orgasm from her fingers while his dick rammed her from behind! When she came, her juices spluttered out onto the bed.

“I can still remember how sexy Annie and Larry looked. I sometimes fantasize about them when I’m masturbating or having sex with my husband. But in a real way I guess I have to say that watching them that time taught me more about how to get pleasure from my own body than any other single sex act.”

Kristy’s account is an excellent example of a young woman getting a “sex lesson” in a safe, non-threatening yet exciting way. As one psychologist puts it, “Young people are naturally curious about the mysteries of sex and often a bit frightened too. Thus they tend to seek out voyeuristic experiences, for example by spying on others. This should in no way be regarded as abnormal. In fact, as a way of learning about sex, voyeuristic activity can be preferable to direct experiencing of intercourse which, especially in the uninformed, can be unpleasant or painful.”

Alan, a photography instructor at a Vermont college, provides a pointed example of this fact. “When I was younger I spent my summer vacation at my friend’s summer cottage,” he says. “Susan was there too. Susan was beautiful...long blond hair and a great body. But since she was three years older than me, she was much more interested in her flock of older admirers than she was in her ‘punk’ friend. In fact, her parents had a hard time keeping her in line—and out of the bushes.

“One day I was heading out to do some fishing at a

deserted swimming hole nearby when I heard giggling on the path up ahead of me. On the rocks by the side of the little pond I saw Susan, stark naked. She wasn't alone either. Three of the older local guys were with her. She was on her knees sucking one of them off while another one fucked her from behind and the third tugged at his cock, waiting for his crack at her.

"Just as that first guy came, Susan pulled his dick out of her mouth and turned her head away. She took his cum-splash all over the side of her face... and she saw me watching her! I turned and ran for home before any of those guys could catch me. I don't even think they tried... they were too busy getting their rocks off in and on my buddy's sister. But that afternoon I saw again, outside her house.

"She smiled at me and the only thing she said was, 'You know, if you tell what you saw I'll be grounded for the rest of the summer.' And when I didn't reply, she continued with, 'But it'd be dumb for you to do that... especially since you can have what those other guys just had...'

"And with that Susan pulled off her t shirt and wiggled out of her jeans. She looked incredible standing there like that, and she felt even better when she got down on her knees in front of me, pulled out my stiff cock, and gave me my first and best blowjob ever. Just as I was about to shoot she started to take her mouth away, but I put my hands on her head and came all over her mouth and throat. After all, since she wanted a favor from me, it was fair for her to give me one too.

"After I came in her mouth I put my cock in her cunt from behind, like the guy on the rock had done, and fucked her that way too. And still later I slid my dick right into her tight little asshole. It was my first time ever, for each of the things I did with her that afternoon. But it was not my last. I continued to fuck that piece of ass whenever I wanted that summer."

Wayne, a truck driver from the Dallas area,

writes, "I can tell you from experience that one of those myths you hear about truckers is definitely true. We do get to see a lot of hot goings on from up high in those seats in the cab. I can't count the number of times I've been cruising along, and looked down into a car below in time to see some beautiful chick sucking off her boyfriend while they roll down the highway.

"Last week I watched this couple in an SUV, and the girl beside the driver had actually stripped naked and was curled up in the seat sucking her boyfriend's cock while she fingered herself. I trailed next to them for about 10 miles—they knew I was there but they didn't seem to give a shit—and when the guy came all over her face and tits and she came from her own finger on her snatch, well I came too. That's because I'd been jerking myself off while I watched!

"I've been doing that for a while now: searching for sex action while I drive, then beating off when I find people doing it. It makes my work interesting, and it sure beats pills for staying awake on those long hauls!"

A pretty young English teacher from the San Francisco area confesses, "I have an active sex life, but when I'm home alone I love watching other people having sex! I live on the tenth floor of a high-rise apartment building, and from my window I have a very good view of the bedrooms in the building across the way. "I like to turn out my lights, go to my window naked, and play with my vibrator while I watch people who can't see me. I feel excited and sexy and deliciously naughty too when I do that. Sometimes I'll just be watching the cute young guy on the third floor, lying in bed naked and playing idly with his cock while he watches TV. But on other occasions I'll see people fucking, sucking each other. Last week I even watched six people, probably swingers, have an all-night orgy right before my eyes! Watching stuff like that while I buzz my clit with my vibrator never fails to give me a whole string of mind-blowing orgasms."

.....

"Deliciously naughty..." "A cure for boredom..." many people agree that voyeurism is an excellent, important part of a well-rounded sex life. But peeping at sex can be fun for couples too.

Steve, a successful New York IT tech, says, "A while back, sex between me and Maryanne, my wife, had gone into the doldrums. I guess it was mainly my fault, because I was so busy spending time with my business affairs that I just didn't seem to have the energy for lots of sex when I got home, even though my wife's a really sexy dish.

"What I'd do instead of banging to Maryanne was waiting until she'd gone to sleep. Then I'd use my high-powered binoculars to look at the sexy happenings going on in the buildings across the street. And of course I would jerk off while I did. It was fun, and it didn't require any 'work' on my part.

"Then one evening, I was watching the couple on the fifteenth floor (across the street and two floors down from my window) while they went through a wild fuck fest with the lights on. I was jerking myself off too, and getting pretty close to coming, when all of a sudden I felt a hand on my wrist. I almost hit the ceiling. Maryanne was kneeling next to me in the darkened bedroom, stark naked. At first I thought she was angry of course, but then she whispered, 'Keep on looking, honey,' and started sucking on my cock.

"Watching a pretty chick get fucked while another beautiful babe sucked on my dick... I have to say that was one of the biggest turn-ons I ever had. And when I came in my wife's mouth and she swallowed every single drop of my come, well the main thing I felt afterwards was incredibly happy. I wanted to gwwwwwow while I ate her delicious snatch and then fucked her through a whole string of orgasms. These days we're both confirmed peepers. And our sex life has gone through the roof!"

When any type of sexual activity becomes an ob-

session to the exclusion of all other sexual activity, most experts agree it must be considered unhealthy. But as one component of a rich, varied sex life, voyeurism is now taking its rightful place in the erotic pantheon. But considering the numerous widespread assaults on the average citizen's right to privacy, no examination of voyeurism would be complete without consideration of the object of voyeuristic activity. Are his or her rights to privacy being violated by the person doing the peeping?

A young newlywed from Chicago says, "Mike and I love fucking. It seemed like we just couldn't get enough of each other. Sometimes when he gets home from work we'll both be so horny that he'll just fuck me right there on the kitchen table. We don't have time to bother turning out the lights, and to tell you the truth, when I hear giggling from across the driveway and know that our next-door neighbors are watching me stark naked on my table, sucking my husband's mighty dick or having him ram it up into my cunt. Well, knowing that they're watching is even more of a turn-on."

Many people agree that knowing that their sex acts are being "secretly" watched provides added excitement to them. And one sexologist, when asked about the invasion-of-privacy aspect of voyeurism, stated quite bluntly: "I think that side of it can be greatly exaggerated. Of course, I have great respect for everyone's right to privacy, especially in terms of his or her sexuality. But if anyone doesn't want to be observed during their intimate erotic moments; there's a simple solution: pull down the shades!"

Many people are becoming more than willing to explore new frontiers in terms of their own sexuality, including the natural erotic curiosity that leads to voyeurism. And as are more open about all sorts of sex acts, the opportunities for voyeurs of all ages and sexes are fast becoming literally endless.

When I came into work today, Miss Black was there in a stunning keyhole dress and fishnet stockings. I couldn't take my eyes off her, and once or twice I'm sure I saw a nipple. She asked if I wanted anything, but before I could say anything she mentioned her lack of panties, and my schedule for the day cleared up.

I PREFER PLEASURE BEFORE BUSINESS 800-853-8264 MUST BE 18 TO CALL

There's a silent mysticism to campfires, a warm, almost delirious dance that has the power to embrace and energize me like few other things can. Men are often surprised when I tell them how important fire is to me. Sometimes, it even intimidates them to see the fires come out in me. But this power is so intense it can be hard to contain it.

I've always been an outdoorsy type, large and well-built. When my best friend, Alanis, asked if I wanted to go camping a few weeks ago, I didn't hesitate. We packed up and headed out to one of the many campsites I'd grown up getting to know, ready to take in the fresh air and disconnect for a weekend with just the two of us.

As night closed in, Alanis started to build the fire and I noticed that she needed to adjust some of the logs for it to catch right. I went over to help her out, brushing against her side playfully as I showed her the best way to let the fire breathe. We shared a quick smile, and I went back to preparing our feast.

*Passions spring eternal.
Carnal cravings know no bounds
when lips, mouths, breasts, nipples,
pussies and buttoholes are in play.*

Night seemed to have a lingering taste of winter, and we quickly huddled close together next to the fire, feeling the same comfort and serenity we'd felt for all our lives as best friends. Slowly, the stories grew older, fonder, and I felt her head drift over against my shoulder. After a while, we both got caught up in the flames. The beautiful dance continuing to mesmerize. I poked at the fire and added another log before getting a blanket to wrap around us as we had some cocoa. Eventually, I felt her slip into a soft, gentle sleep against my shoulder.

I could feel her breath rising and falling, could feel the heat, mixed with the fire, drawing me in. I wrapped an arm around her, holding her close, and, after watching her just breathe in the dancing firelight for what felt like an eternity, I leaned in and kissed her gently.

Her eyes opened slowly as I pulled back from the kiss. My breath was sharp, short, and nervous. But her hand simply slid up to my face and she leaned

in to kiss me again. We made out, feeling our bodies heat in the fire between us. There was no rush, but a passion, a desire that drove us forward. She let her hands move down to my shirt, pulling it quickly up and over my head. I popped the buttons on hers, along with the front clasp bra hook to release her large chest. Alanis normally wore her bra tight, so seeing her at full release was eye opening and mouthwatering.

With a last kiss, I leaned her back and admired her large pillows before diving into them. My mouth licked at each perky nipple softly, leaving a wet mark that quickly chilled in the air, which only made her chest poke out more. I took care of both, when I wasn't licking a nipple, my fingers were pinching and playing with it. Alanis's breath shortened and quickened, and she finally pushed me back with a wide grin.

She quickly made for my pants and, getting them off, dove in before I could try to stop her. As soon as her slick tongue found my clit, I let out a scream. I leaned back and let her have it, enjoying every surge of energy that she sent through my body from her surprisingly well used tongue. She was good, twisting and turning, pulling out and diving in with perfect timing. Every surge was like a new orgasm, and she hadn't even gotten me there yet.

I pulled her up and made out with her before moving us to the tent where I had my collection of toys. I let her choose one before I lay her back on the air mattress. Grinning, I slid the large toy across her lips before I let it slide down her chest and toward her own wet pussy. I teased her clit with the toy before leaning down to return the favor she'd done me outside. She squirmed and shook, moaning loudly and without a care as I finally slid the long toy inside.

Alanis screamed and reached out for me, pulling my face in to make out with me. As she got me to lay across her, her fingertips found my pussy and slid what I knew must've been the largest toy I had into me, getting my scream out.

I looked down at her devilishly, held tightly in my arms and felt the passionate fires scream through me and I let go, throwing my back up and screaming into the night, all while reaching down and plowing her with the other toy until she joined me in blissful agony a few seconds later.

We each made the other orgasm at least twice that night, all in the light of the campfire.

SOMETHING LIKE THIS

It's sometimes hard to know what a perfect night feels like. There are other times where its appearance is completely obvious. A couple of months ago I had one of those nights. My girl, Monica, and I were on vacation and out late, jumping between a few bars before heading back to the hotel and the last drinks of the night.

I had a nice buzz built up from the bar hopping, and I was starting to get a little impatient for the next part of the night. I suggested we skip the hotel bar, but Monica insisted on one more. Looking toward the elevator longingly, I turned and followed her to the bar, figuring one more drink wouldn't be that long anyway.

We ordered and Monica started talking with the bartender, a tall, dark-haired beauty with a deep tan and dark, enticing eyes named Naomi. I didn't notice her at first, but eventually I caught on that Monica wasn't just talking, but flirting. For a second, I thought I'd had too much to drink. But apparently, Naomi's shift was over soon, and a room upstairs

was the best offer she'd had all night.

We parted ways with Monica giving Naomi one of our room keys and I grew nervous as we headed to the elevator. Monica and I talked about the fantasy of a three-way one day, but I never thought I would actually happen, and even less so that it would happen at a hotel bar. When we got up to the room, though.

Monica pressed me back up against the door and kissed me hard. She stared at me with her own beetle-black eyes and told me that this was happening and that it was an adventure. Barely a second after I nodded to her, the door beeped and clicked, with Naomi quietly stepping in.

As they finished undressing each other, the women moved toward me, each kneeling next to me as they passed my dick back and forth between them and made out. They only let me watch and experience, but at that moment, with two beautiful women worshiping my throbbing cock, I really didn't need anything else. I leaned back, realizing that I could tell the difference between each of them.

Monica liked the head, and her tongue did masterful tricks around the slit. Naomi, on the other hand, liked my balls. Either she wanted my whole dick down her throat, so she was sniffing my sack, or she was trying to swallow my orbs themselves.

My heart was racing as Monica led us both back to the bed, only to quickly shove me onto the mattress while she wrapped her arms around Naomi, pulling her in close to start making out in front of me. I don't think I've ever felt my dick struggling so hard to get free, and I had little choice but to open my pants and let it out.

Naomi started pulling Monica's top off, revealing her petite, perky breasts held back by a tight black lace bra, while Naomi ripped her shirt off, pulling her bra off in the process. Her tan didn't have any lines, with the dark outline of her nipples the only real change of shade. I gulped and started to stand up, only for both women to quickly extend a hand and push me back on the bed.

This was my gift, so I was expected to enjoy it for what I'm given. I slid off my pants and started to slowly jack off, my eyes locked on Monica pulling her own bra off. I let out a gasp as I watched their breasts press together and felt a stab of even jealousy as their hands started to slide down each other's pants.

Finally, Monica pulled me back up and they both got onto my lap, making out with me while each of them reach across and played with the other's pussy. I'm not sure how they kept track of everything, but they told me what they wanted, and they laid down next to each other on the bed, spreading their legs.

Monica's eyes told me to take care of our guest first, and as they made out next to each other, I slid my lubed-up cock into Naomi's hungry pussy. Surges of electricity rushed through me. I wasn't going to last long if I lingered, so I only gave her a few thrusts before switching back to Monica. A few thrusts at a time, going between them. They wanted to share me, and it was the fairest way. It pushed me far longer than I normally last, going back and forth until I felt it building up in me.

Finally, I let loose a long rope deep inside Naomi. I pulled out, letting the string of cum line across her chest as I shot four more helpings all over the bartender's chest, which Monica quickly started licking up with eyes telling me that there was no way we were done.
